Trak-It® C4

The gas tool that can shoot the longest nail in concrete and steel
De gasschietamer die de langste nagel schiet in beton en staal
Das Gasnagelgerät, das die längsten Nägel in Beton und Stahl setzt
Le cloueur qui fixe les clous les plus longs dans du béton et de l'acier
Gasverktøy som skjuter dom längsta spikarna i betong och stål på marknaden

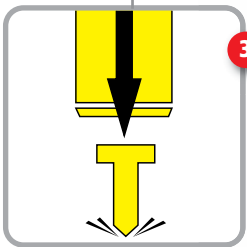

The Trak-It® C4 is the first gas nailing system with an ETA approval according to CUAP 06.01/28. No pre-drilling necessary.

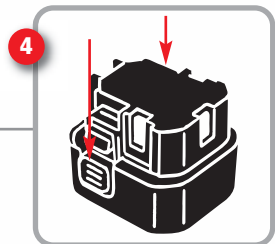

VHT approval for deflection head and track-to-concrete

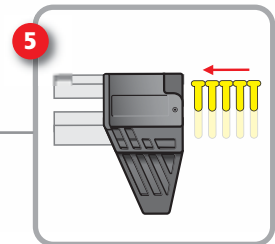

FORCED ENTRY

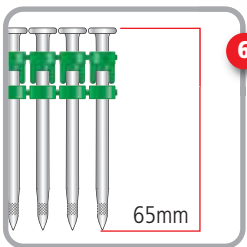

Most powerful gasnailer in the market: 150 Joules

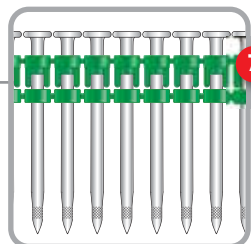

Double grip rechargeable battery for 5700 shots

Magazine capacity for 40 nails

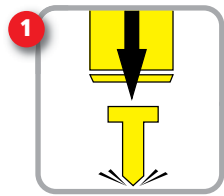

Longest nails for any gasnailer: up to 65mm. Nail diameter from 2,6 to 3,7 mm

HD nails for extreme shear loads

Trak-It® C5

Keep on shooting!
 Blijft schieten wanneer anderen afhaken!
 Nageln ohne Grenzen!
 Clouer sans fin!
 Bäst i klassen , keep on shooting

1 Most powerful gasnailer in its category: 112 Joules

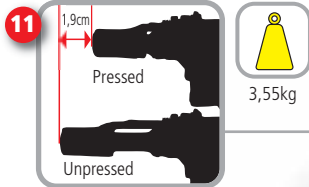

2 Easy depth adjustment dial

3 Most compact tool on the market: extreme maneuverability

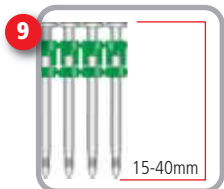

4 The Trak-It® C5 is the first gas nailing system with an ETA approval according to CUAP 06.01/28. No-pre-drilling necessary.

11 Lightweight (3,55kg) and shortest contact arm in the market (1,9cm): less fatigue

10 Swing trigger for easier action

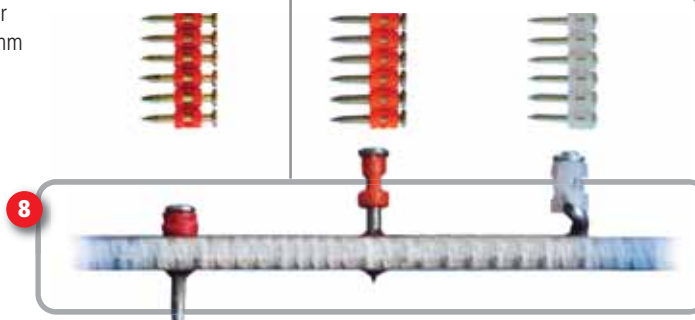

9 Shoots 15mm-40mm nails with a diameter from 2,6mm to 3,7mm

5 Best dust protection - less maintenance with new metal mesh suction filter

6 Service indicator light

8 New Powers C5-XH nail

Nail and tool competitor O

Nail and tool competitor R

7 Single action magazine change
